Pupils have to go in for a 7)\_\_\_\_\_ at the end of the fourth school year. We called this final examination „maturita“. It has 3 parts: written, oral and practical. After passing successfully these finals the students gain General Certificate of Education.

During their studies students have to take part in a compulsory practice in various hotels, restaurants and supermarkets. Thus they have the opportunity of improving their practical skills.

Not all the pupils study successfully, some pass their examinations but there are also some who fall in them.

The studies are free of charge for all students. Those who come from various parts of our country live in student's home (boarding-house).

Our school offers also courses of external studies that are attended by employees who want to extend their qualifications. External studies last 3 years and are also finished by a final exam.

After finishing school most pupils begin to work in hotel trade as waiters, cooks, shop-assistants, clerks and later they can even become managers and managing directors.

Every day we have from 6 to 7 classes. Each one lasts for 45 minutes and the breaks are only 5-10 minutes long. We get a 15 minute break after the first two lessons. During breaks we can buy drink or snack in the slot-machine.
